ABOUT THE ENGINEERING ASSEMBLY OF RUSSIA

Engineering Assembly of Russia — a large-scale professional forum dedicated to engineering issues, including robotic production, technical and engineering solutions leading to the increase of productivity and efficiency of domestic industry. The Forum has been held annually since 2009 and gathers representatives of public authorities, engineering experts and key management persons from industrial enterprises.

The purpose of the Forum is to integrate representatives of the scientific community, government and business, to work out joint strategic solutions aimed at the development of engineering in Russia and increasing the competitiveness of industrial enterprises in today's environment.

THE FORUM STRUCTURE:

Target audience

- Professional engineering community;
- Engineering experts: chief engineers, technologists, architectures;
- Representatives of public authorities;
- Manufacturers of programming software;
- IT and digital transformation specialists;
- Top-management of industrial companies;
- Technology parks and business incubators;
- Largest research and technical institutes

Industries

- Mechanical engineering: automotive, shipbuilding, carriage building, aerospace;
- Oil and gas sector and energy;
- Machine tool construction;
- Metalworking;
- Food and pharmaceutical production;
- Construction and production of building materials.

Number of participants: up to 1000

THE KEY TOPIC OF THE MEETING 2025:

NEW ENGINEERING MODELS: APPROACHES AND TOOLS FOR SOLVING COMPLEX PRODUCTION TASKS

DISCUSSION POINTS:

- Digital engineering and reengineering of domestic production. Digital twins
- Design and engineering activities in mechanical engineering
- Strategies and tools for government support of engineering
- Engineering education of the future: challenges and prospects
- International cooperation in the field of engineering: partnerships and projects
- Design and system integration of modern robotic complexes
- Digital solutions for the development of the food and pharmaceutical industry
- Digital design and engineering in construction
- Opportunities and prospects for the development of modern CAD/CAE/PDM/PLM systems
- Trends in the development of the domestic CAM system market
- The future of BIM: innovation and practice
- Technological preparation of production: engineering solutions for success
- Modern methods of production management using digital technologies
- New opportunities for digitalization of the oil and gas and energy industries.

INVITED SPEAKERS:

V. Falkov,
Minister of Science and
Higher Education of the
Russian Federation

(to be agreed)

V. Shpak,
Deputy Minister of
Industry and Trade of
the Russian Federation

(to be agreed)

V. Knyagin,
Vice-Governor of St.
Petersburg

(to be agreed)

K. Polyakov,
Vice-Governor of St.
Petersburg

(to be agreed)

V. Dozhdev,
Head of the Department
of Digital Technologies of
the Ministry of Industry
and Trade of the Russian
Federation

(to be agreed)

A. Kotov,
Special Representative
of the Governor of St.
Petersburg for
Economic Development

(to be agreed)

D. Yalov
Deputy Chairman of the
Government of Leningrad
region, Chairman of the
Committee for economic
development and
investment activities

(to be agreed)

A. Rudskoy,
Rector of Peter the
Great St. Petersburg
Polytechnic University

(to be agreed)

J. Antokhina,
Rector of SUAI,
Professor, Doctor of
Economics

(to be agreed)

R. Kirichek,
Rector of St. Petersburg
State University of
Telecommunications

(to be agreed)

A. Borovkov,
Vice Rector for Digital
Transformation of SPbPU

(to be agreed)

A. Korablev,
President of R-Pro Concern,
Chairman of the Board of
the Creonomya Cluster

O. Mudrova,
Executive Director of
the RAR

V. Taberko,
Information Technology
Director of Savushkin
Product JSC, Republic of
Belarus

S. Mayorov,
Chairman of the Board of
the Industrial Cluster of the
Republic of Tatarstan

(to be agreed)

S. Zelenkov,
CEO
SUPROTEC-
ENGINEERING LLC

M. Korablev,
Development
Director,
R-Pro Concern

V. Litun,
Executive Director,
R-Pro Concern

A. Senov
Alt-Invest Group,
Commercial Director,
Partner

**Chief engineers of
large Russian
industrial
enterprises**
